MT. EVANS AND SNOWY RANGE
FROM CITY PARK, DENVER, COLO.

The view of the Rockies from the Museum at City Park is one of the most spectacular in Denver, embracing a bird's-eye view of City Park, with the lake and pavilion at the foot and the snowy Range in the distance with Mount Evans as its highest point. One may also glimpse the peak from here in the morning and drive to its summit before night.

SANBORN SOUVENIR CO., DENVER, COLO.
